

2010 Honda Insight

Personalized Settings

All 2010 Honda Insight models are equipped with features that can be customized to your customer's preferences. Set the features from the list below for your customer. For complete information, refer to the Owner's Manual, Technology Reference Guide, and Navigation Manual.

NOTE: Default factory settings appear in **bold** print.

Customer's Name

VIN

Bluetooth® HandsFreeLink® (HFL) and Navigation System

1

Bluetooth® HandsFreeLink® (HFL)

For vehicles equipped with Bluetooth HandsFreeLink

NOTE: Before pairing the phone, make sure it is Bluetooth-compatible. For more information or troubleshooting, call HFL consumer support at (888) 528-7876, visit handsfreelink.honda.com, or see your Owner's Manual for details.

- 1 Press and release the HFL TALK button before giving each command.
- 2 Enable "Discovery" or "Search" mode on the Bluetooth-compatible phone.
- 3 Say "Phone setup."
- 4 Say "Pair."
- 5 HFL will ask for a four-digit pairing code. Say any four digits, for example, "1-2-3-4."
- 6 HFL will begin searching for your phone. (On some phones, you may need to search for a Bluetooth device.) When HFL finds your phone, your phone will prompt you to connect to HFL.
- 7 Was the connection successful? If "No," return to step 2 and try again. If "Yes," continue to step 8.
- 8 Enter the four-digit pairing code (from step 5) on your phone.
- 9 Was the pairing successful? If "No," repeat step 8. If "Yes," continue to step 10.
- 10 HFL will ask you to name the phone. Say the customer's name, for example, "Mary's phone."
- 11 The phone is now paired to HFL. The system will return to the main menu.
- 12 Check the Owner's Manual for more information and instructions, if needed.

If neither you nor the customer is able to successfully place the phone into "discovery" or "pairing" mode, and the customer still requires setup assistance, ask the customer to bring a copy of their cell phone owner's manual to the dealership for assistance.

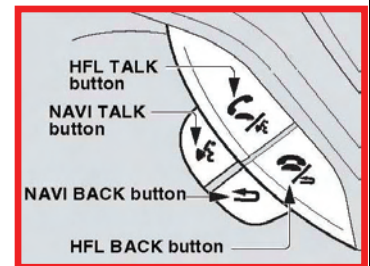

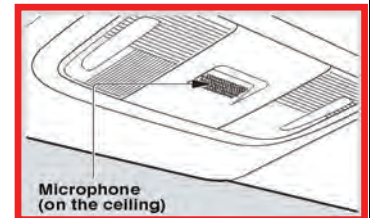

- 13 **Reconfirm phone linkage** To reconfirm phone linkage, do the following:
 - Turn off the engine.
 - Restart the vehicle.
 - After a few seconds, the phone should prompt the customer to connect to HFL.
- 14 After the phone is successfully paired, review the AUTO TRANSFER function with the customer. Ask the customer if they would like the function:

ON (activated) **OFF (deactivated)**
- 15 Show the customer the location of the microphone (in the overhead ceiling console).
- 16 Show the customer the location of the **HFL TALK** button on the steering wheel.
- 17 Show the customer the location of the **HFL BACK** button on the steering wheel.
- 18 Confirm that the customer can successfully place a test call.

NOTE: The command to dial a phone number MUST begin with "Call" or "Dial," followed by the telephone number.

- To improve the customer's experience with the system, advise them to:
 - * Try to use names with more than one syllable (for example, say "Peter" instead of "Pete")
 - * Encourage them to use "System Help" when they need help
 - * Stress the importance of speaking in a normal tone of voice

- 19 Demonstrate to the customer the **Top Commonly Used HFL Voice Commands**
- 20 Confirm that the customer can successfully receive a test call.
- 21 Make sure to complete a follow-up call to the customer as soon as they leave the dealership.

Top Commonly Used HFL Voice Commands:

1. "Call/Dial <phone number>"
2. "Call/Dial <name>" (when voice tags are stored)
3. "HandsFree Help"

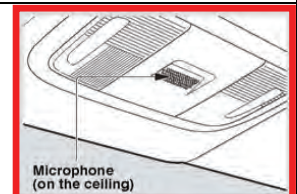

2

NAVIGATION SYSTEM

For vehicles equipped with Navigation

NOTE: The Navigation System will not operate in Alaska.

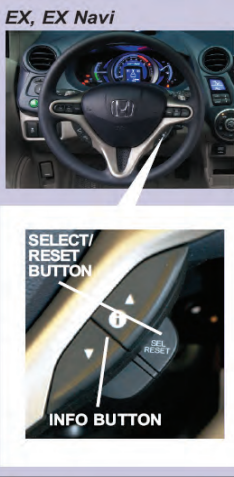

- 1 Instruct your customer on how to enter a destination address.
- 2 Help your customer set up the "Go Home" (customer address) feature in the system.
- 3 Not all addresses will be in the database. When demonstrating the "Go Home" calculation, be sure to advise the customer of the optional routing methods available. If the customer's home address is not in the system, be sure to explain that the area **MAY** be included in the next update for the following year.
- 4 Explain voice activation and have your customer try several commands.
- 5 Show the location of the microphone and explain the importance of speaking in a normal tone of voice.
- 6 Show the customer the location of the **NAVI TALK** button on the steering wheel.
- 7 Show the customer the location of the **NAVI BACK** button on the steering wheel.
- 8 Show the customer the Navigation Manual to be used as a reference guide.
- 9 Show the customer where to find the *Commonly Used Voice Commands* in the Voice Command Index of the Navigation Manual.
- 10 Demonstrate to the customer the **Top Commonly Used Navi Voice Commands**

Top Commonly Used Navi Voice Commands:

1. "Find Nearest (desired point of interest)"
Example: "**Find Nearest Bank**"
2. "Address" option in the Menu screen will prompt user to say "(desired City Name/desired Street Name/desired House#)"
Example: "**Torrance**"/"**Torrance Boulevard**"/"**1919**"
3. "Temperature (desired #) degrees"
Example: "**Temperature 70 degrees**"
4. "Fan Speed (desired #)"
Example: "**Fan Speed 2**"
